collective technology

computer engineers for home and work

Collective Technology, based in Woking, offers a range of products and services to help make the most out of your computer equipment.

We can supply and install new hardware and software, carry out upgrades, repairs and troubleshooting on existing systems and provide hands-on training in your own home.

With over six years of experience built up providing services to businesses, our friendly and knowledgeable engineers can provide you with assistance with any technical issues you may have

So if you need any help with the technology in your home, simply contact us and we will be happy to discuss your requirements and arrange a visit.
